

IWF Coaching and Research Committee

Sept. 21, 2022

Online

Mr. Petr Krol, CRC Chair welcomed the new elected members. The CRC is very important and the aim is to keep weightlifting in the Olympic Programme. The former CRC established many goals and this Committee shall follow their work.

Mr. Krol said that the Committee's main aim is to establish the coaching licence, which many people tried before. There is concept from EWF and Mr. Colin Buckley, and it has to be joint with IWF. The idea would be to join the 2 programs, to include the suggestion of former IWF CRC and to be under IWF flag.

The Committee discussed to organize a Coaching Seminar in Bogotá during the 2022 IWF World Championships. Topics and dates have been considered and final decision to be made later.

Transgender policy is an important issue, CRC shall work together with Medical Committee which has already some research and documents and also with Athletes' Commission.

It was recommended to deal with children weightlifting in order to include more children in the sport, to persuade parents it is a safe sport.
