Mr. Ferrari informed the members that the Paris 2024 Olympic Games Test Event and Training Camp was originally planned for August 2023, however this date is very close to the IWF World Championships. The Test Event will take place on 12th August 2023 but it will not be public, only for one day operational testing. Therefore, the Training Camp is postponed for most probably November 2023.

After the EB meeting in Durres, he will call an online CRC meeting, planned for mid-April. He recalled that in Bogota IWF used the assistance provided by Olympic Solidarity. The coaching seminar was great, around 55 people participated, the feedback was positive. He updated the members about IWF Refugee Program and interpreted Mr. Sperl's request about coach proposal. Mr. Buckley said that for transparency tender shall be announced for the coach position. This suggestion was unanimously approved. Mr. Krol will inform the members of the Refugee Working Group about this approved proposal. Ms. Diaz added that might be good to have 2 coaches for 6 athletes, if possible.
