Resume for Charles Quagliata

Legal Resume

Admitted (qualified) as a solicitor (lawyer) in 1979

I have appeared personally in criminal and civil law cases in the Local Court, District Court and Supreme Court in Australia

With Barristers I have appeared in those courts and in the Court of Appeal (civil) and the Court of Criminal Appeal (criminal)

Court cases have ranged from 1 or 2 days to 3 months day in and day out, with many cases lasting 1 to 4 weeks.

I have a background in administrative law as I was tasked with investigation and production of evidence where there were allegations of misappropriation of money and/or conduct issues against lawyers in my home state. As such I am aware of the need for procedural fairness.

Additionally, I am well versed in property and commercial law and am conversant with most jurisdictions. I was the Australian lawyer for a large European company some 30 years ago when they maintained an office in Australia. I have also maintained a trust account and have some basic accounting knowledge.

Sport Resume

For information only, I am a former international weightlifter representing Australia including selected for 5 Senior World Championships, Oceania Championships (with 3 bodyweight wins), Commonwealth Games (silver medal) and National Junior and Senior champion on several occasions. However, I am now totally disaffiliated with the sport.
