ABOUT THIS GUIDE

Published in July 2024, the series of International Federations' Guides offer a summary of competition-related material about each sport at Paris 2024 and provide a variety of information aimed at helping International Federations in their planning and final preparation for the Games.

All information provided in this International Federations' Guide was correct at the time of publication, but some details may change prior to the Games so IF representatives are urged to regularly check with Paris 2024 IF Services and the respective competition management teams for the latest updates.

This information has been developed and approved by the IOC, International Federations and Paris 2024 competition management and may be updated as required leading up to the Games. The International Federations' Guides are designed for internal operational use by Paris 2024 stakeholders and should not be publicly shared.

WELCOME

On behalf of the Paris 2024 Organising Committee, I am delighted to present the series of International Federations' Guides for the Games of the XXXIII Olympiad.

At Paris 2024, we are proud to organise the first Games under the New Norm of the Olympic Agenda 2020, which focuses on economic, social and environmental efficiency and sets a precedent in the organisation of sports events. Our ambition is to present the first carbon-neutral Games, the first gender-balanced Games and the first Games open to all with the mass participation marathon. Paris 2024 aims to deliver responsible Games whether by using 95 percent of existing or temporary venues and 100 percent renewable energy during the Games, or by favouring a circular economy, sustainable food, and clean mobility, and by preserving the biodiversity on venues. By taking climate and environmental issues into account well before the event, we are breaking new ground in the history of the Games.

One hundred years since the last summer Games in France, Paris 2024 has huge ambitions for the Games in 2024. Our aim is to offer a new event model that is in tune with people's aspirations, especially those of the younger generations, for example by introducing four additional sports such as breaking, sport climbing, skateboarding or surfing.

As athletes are the heart of Paris 2024 Olympic Games, we are committed to offer them an exceptional experience, with unique competition venues in iconic sites of Paris and France, such as the foot of the Eiffel Tower, the Château de Versailles or Teahupo'o in Tahiti.

Paris 2024 will leave a positive and lasting impact on the lives of residents by making long-anticipated investments, especially in Seine-Saint-Denis, such as the Olympic Village and the Aquatics Centre. All the facilities that will be used by athletes and delegations during the Games are designed with their legacy in mind so that they can be repurposed as public facilities, housing and offices based on local needs.

We hope that this guide, produced in collaboration with IOC Sport and International Federations, will provide you with the information you need to prepare for your Games.

We are looking forward to welcoming you to the City of Lights in the summer of 2024 for what we hope will be revolutionary Games.

Aurélie Merle
Sport Director

RULES

The Weightlifting competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **IWF Technical and Competition Rules & Regulations** (<https://iwf.sport/downloads/?did=598>)
- **IOC Olympic Charter available on the website** <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the IWF will be responsible for the control and direction of the Weightlifting competition at the Paris 2024 Olympic Games.

CLOTHING AND EQUIPMENT

Clothing and equipment used by athletes and other participants in the Weightlifting competition at the Olympic Games must comply with the documents listed below:

- **IWF Technical and Competition Rules and Regulations** (www.iwf.net/downloads/?did=598) with particular reference to Section 4: Athletes' Outfit.
- **Olympic Charter** (www.olympic.org/documents/olympic-charter), in particular Rule 50: Advertising, Demonstrations, Propaganda.
- **IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024** for Weightlifting: <https://stillmed.olympics.com/media/Documents/Olympic-Games/Paris-2024/IWF.pdf>

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events. This principle is reflected in the Bye-law to Rule 50 of the Olympic Charter. Detailed information on the implementation of Rule 50 to clothing, equipment, accessories and other items is detailed in the IOC's Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024, which has been distributed by the IOC to all NOCs, International Federations and sporting goods manufacturers.

Please refer to the complete Guidelines Regarding Authorised Identifications document for detailed information and instruction on all aspects of Rule 50 and its application and enforcement at the Paris 2024 Olympic Games.

COMPETITION FORMAT

Each competition consists of two (2) parts – the Snatch and the Clean & Jerk – with a 10-minute break between each discipline. Each athlete may take three (3) attempts in both parts of the competition unless they fail to record a valid lift in the Snatch, in which case they are eliminated and cannot compete in the Clean & Jerk.

The calling order of the athletes is determined by four (4) factors in the following order of priority: the weight of the barbell (lightest weight first), the number of the attempt (lowest number first), the order of the athletes' previous attempt(s) (the athlete who lifted earliest is called first); and the start number of the athlete (lowest first).

Athletes are allowed one (1) minute between the calling of their names and the start of each attempt, or two (2) minutes if they are taking consecutive attempts. Three (3) referees adjudicate each lift, with the lift's validity decided by majority. The best results in each type of lift (measured in kilograms) are added together to give a total for each athlete, which determines the competition rankings. If there is a tie, the athlete who achieved the total first will win.

**COMPETITION
VENUE**

SOUTH PARIS ARENA 6 (SP6)

Place de la Porte de Versailles — 75015 Paris — France

Located in the south of Paris, South Paris Arena 6 is part of Paris Expo, an exhibition and convention centre that is one of the most attractive in Europe and the most visited in France. Built in 1923 to host the Paris Trade Fair (Foire de Paris), the complex has been developed extensively over the years and can now adapt to a wide range of requirements and configurations. Across 35 hectares, 228,000 m² of exhibition halls and 8 pavilions, Paris Expo welcomes 7.5 million visitors each year in Paris' 15th arrondissement.

With Halls 1, 4 and 6 hosting the volleyball (Hall 1), table tennis (Hall 4) and handball (preliminary phase) and weightlifting (Hall 6) events, Paris Expo will be a major hub for the Paris 2024 Olympic Games.

Paris Expo will also host the boccia, goalball and Para table tennis events for the Paralympic Games.

South Paris Arena 6 is located 23 km south of the Olympic Village.

VENUE ACCESS

Technical officials and International Federation (IF) staff will enter the venue via the IF PSA (located south of hall 6). They will take the lift at the far south end of the hall and enter via the IF entrance.

FIELD OF PLAY (FOP)

The field of play (FOP) for the Weightlifting competition at South Paris Arena 6 will contain one (1) competition platform and a warm-up area located behind the competition area. The competition area and all equipment will be presented in accordance with IWF rules.

SERVICES AND FACILITIES

Facilities at the competition venue will include:

→ CATERING

Refreshment stations will be located in the Technical Officials' Lounge and the IF Office and will serve Coca-Cola beverages, hot drinks, cereal bars and fresh fruits.

These refreshments will be available 60 minutes before the first weigh-in and up until the end of each competition session.

Technical Officials and IF personnel may buy vouchers for a hot meal or a packed meal in the venue dining located in hall 4. Packed meals may be eaten in the venue dining or in the Technical Officials' Lounge. Hot meals must be eaten in the venue dining.

→ TOILETS

Men's and women's toilets for Technical Officials and IF personnel are equipped with washbasins, toilets and a mirror. They are located within the vicinity of the Technical Officials' lounges and the IF Office.

→ FACILITIES RESERVED FOR THE IF

The facilities reserved for the IF will include the Office of the IF President, the Office of the General Secretary, the Offices of the IF delegates and the Office of the IWF Secretariat (IF Office).

→ TECHNICAL OFFICIALS' LOUNGES

The International and National Technical Officials' lounges will be located on the same level as the field of play. They will be equipped with chairs, tables, sofas, lockers, a TV and an information board.

→ MEDICAL SERVICES AND FACILITIES

Medical facilities will be provided at every competition venue. Medical stations for athletes and spectators will be stocked with all appropriate equipment, supplies and medicines and manned by experienced medical staff. Ambulances will be stationed at all competition venues during the events.

Athlete medical services will be provided in accordance with IF requirements and Olympic regulations for the discipline in question. As a general rule, medical services will be available from the time athletes, team officials and/or technical officials arrive at the venue until the time they leave the venue.

Spectator medical services will care for all other client groups, including spectators, workforce, press, sponsors, volunteers, contractors, VIPs, and Olympic Family. First responder teams will be in circulation at the venue to intervene in the event of a medical emergency.

→ FIELD OF PLAY MEDICAL RESPONSE TEAMS

Field of Play (FOP) response teams will provide first aid and emergency services to athletes and officials should such services be required. If necessary, the patient will be retrieved from the FOP and transported to the athlete medical station, the polyclinic or to a hospital recommended by Paris 2024. The order of response on the field of play and any decision-making will differ in each venue in accordance with the rules of the respective IF Official.

→ SPORT INFORMATION DESK (SID)

The SID at South Paris Arena 6 will be located in the same location as the Athletes' Lounge, on the same floor as the field of play. The SID will only operate on competition days and open one (1) hour before the first weigh-in and close 30 minutes after competition concludes.

→ LOST AND FOUND

Items lost in the Sport areas will be handled by competition management. Items lost in the Front of House (FoH) will be handled by Spectators Services volunteers at the information desk. An app will be used to declare a lost item or check the list of founds items.

THE OLYMPIC GAMES: ESSENTIALS

PARIS AND FRANCE IN 2024

France is the world's top tourism destination with some 89 million visitors who flock here every year. Paris is a city unlike any other. It is overflowing with culture, history, and beauty. And whilst people travel to Paris to see the Louvre, the Eiffel Tower, or Notre-Dame, the real magic is found in the streets. Whilst Paris is a city with a strong cultural identity, it also houses people from all over the world who add their own culture and customs into the mix.

As you explore the streets of Paris, you might find yourself walking the hills of Montmartre in search of that perfect crêpe or meandering through Belleville, a Chinese neighbourhood with hip, young Parisians and elaborate street art. Across the river Seine, you might find yourself enjoying a verre de vin at a café in Saint-Germain-des-Prés or exploring the winding streets of the Latin Quarter.

France is also one of Europe's most diverse, gastronomic, and interesting countries to explore. Romantic hill towns and castles, meandering river valleys, and oceans of vineyards carpet this country's landscape.

France remains at the forefront of technology, architecture, fashion, and cuisine. A fascinating blend of natural and man-made beauty, France offers châteaux, never-ending coastlines, medieval cathedrals, Europe's highest mountain ranges, and museums showcasing cultural icons of the Western world.

ACCOMMODATION

Paris 2024 is tasked with organising and holding the Paris Games and this responsibility includes procuring and allocating accommodation solutions on behalf of the Accredited Games Community. This community includes all those designated by the International Olympic Committee and International Paralympic Committee, in particular members of the IOC and/or IPC, and their invitees, members of the French National Olympic and Sports Committee, French Paralympic and Sports Committee, National Olympic and Paralympic Committees, National and International Sports Federations.

Accordingly, Paris 2024 has booked a contingent of accommodation units with hotels and other establishments offering accommodation at a guaranteed price during the Period of the Games. In order to meet the needs of all stakeholder groups, Paris 2024 has secured more than 54,300 rooms in France, including more than 44,800 in Paris, in strategic locations for the Games.

All the specific information is presented in the Accommodation Guide, shared in December 2021. For IFs specific allocations, please refer to the demands made through the Accommodation Management System (AMS).

Concerning the contractual conditions and obligations linked to Accommodation, all is specified in the Accommodation Allocation Agreement (AAA), sent in 2023.

ACCREDITATION

OLYMPIC IDENTITY AND ACCREDITATION CARD (OIAC)

The Olympic Identity and Accreditation Card (OIAC) is the official Paris 2024 Olympic Games document that establishes the identity of its holder and their entitlements. In addition, the OIAC will provide accredited individuals with access to Olympic venues and other services during the Paris 2024 Olympic Games, according to their role.

To ensure the safety and security of all Games participants, they must pass a background check in order to receive an OIAC. The background check will be carried out by the relevant French Government agencies.

→ PRE-VALID CARD VALIDATION

Before validation, the OIAC is referred to as a Pre-Valid Card (PVC). The Paris 2024 Accreditation team will produce Pre-Valid Cards (PVCs) for all IF staff and international technical officials. Accredited delegates will be able to validate their PVC in accordance with the dates for each sport.

Individuals arriving in France on international flights at Charles-de-Gaulle and Orly airports will be able to validate their PVCs at the airport from 15 July 2024. Individuals arriving via other ports of entry will have to go to the appropriate accreditation centre to finalise the procedure for validating their accreditation. Each participant will need to visit an accreditation facility in person to finalise the validation procedure. Individuals will need to bring their PVC and the valid ID provided to Paris 2024 during the accreditation application process.

Unlike previous editions of the Olympic Games, the OIAC/PVC does not act as a visa waiver. For accredited participants who need a short-stay

visa to enter the Schengen Area, Paris 2024 submits a visa request as part of the accreditation process. The final visa will be printed on the PVC and not on the participant's passport.

ACCREDITATION CATEGORIES AND PRIVILEGES

→ ACCREDITATION PRIVILEGE CODES

The Accreditation Card Operating System assigns access privileges according to a privilege matrix that includes any function performing an official role at the Games. The privileges are based on accreditation zones and are printed on the OIAC along with the individual's personal information, function and responsible organisation. At sport venues the privileges give access to accreditation zones as described below:

ZONES	
WHITE	General circulation areas
RED	Operational areas, General circulation areas
BLUE	Field of play, Operational areas, General circulation areas
2	Athlete preparation areas
4	Press areas
5	Broadcast areas

[1] The code is represented by the three-letter acronym of the venue in question, or by ALL for access to all sites.

→ CONDITIONS OF PARTICIPATION (COP)

As required by the IOC and in accordance with Rule 40 of the Olympic Charter, IF delegates and J category population (technical officials, judges, and jury members) must complete and sign a Conditions of Participation including the Parental/ Legal Guardian Acknowledgement of Consent for Minors form (if applicable), acknowledging their compliance with the IOC and International Federation rules regarding Games participation and the World Anti-Doping Code. Each individual applicant must provide their original signature on a hard copy of the Conditions of Participation form. The form will be available in English and French. Each IF is required to return signed COP prior to arrivals. Paris 2024 will not be able to validate your PVC if the signed COP is not submitted before the Games.

→ UNIFORM COLLECTION AT THE UAC

All IF delegates and technical officials should visit the Uniform and Accreditation Centre (UAC) to collect their uniforms or from the accreditation centres in co-host cities.

French Technical Officials will have the possibility to collect their accreditation and uniform in advance at the UAC or in one of the co-host or football cities. For the rest of the technical officials, an UAC visit will be organised for each group of

technical officials according to their programme of activities before the first day of competition. Those who either are unable to complete the validation process at the airport or do not receive their PVCs in advance of the Games will be able to collect their OIAC at the UAC prior to collecting the uniform.

All Technical Officials must go to the UAC, except those officiating in co-host cities, and those who have been identified and contacted for a pick-up in co-host cities prior to their arrival in Paris.

→ ENTRY INTO FRANCE

In line with the Host City Contract, and in agreement with the IOC, PVCs facilitate entry into France. However, unlike previous editions of the Olympic Games, the OIAC/PVC does not act as a visa waiver. For accredited participants who need a short-stay visa to enter the Schengen Area, Paris 2024 submits a visa request as part of the accreditation process.

These requests will be processed centrally in France by the Games Consulate, which is operational since January 2024, and only issues multiple-entry short-stay visas (maximum of 90 days within 180 consecutive days) valid from 26 June 2024 to 11 September 2024. All previous visits to the Schengen Area (including previous short-stay visas) within the last 180 days will count towards the maximum of 90 days.

Any participant requiring a long-stay visa or a short-stay visa outside of these dates will have to follow the standard visa process available from the French authorities. The short-stay requirement also applies to visa exempt participants (non- EU/ Schengen nationals).

Once the short-stay Schengen visa request process has been successfully completed, the visa number will be printed on the participant's PVC, which, together with a valid passport (same document used during the accreditation process), will serve as an entry document to France for the purpose of participating in the Paris 2024 Olympic Games.

If the participant does not need a visa, they do not need a visa number printed on their PVC.

→ LOST, STOLEN, DAMAGED ACCREDITATION CARDS

Lost and stolen accreditation cards should be reported immediately to the nearest accreditation centre or to the Olympic Family Hotel (OFH) or to the Venue Accreditation Help Office (VAHO). Participants will be required to complete a Lost/Stolen Accreditation Card form and present an acceptable form of identification.

Accreditation cards which are damaged in such a way that the photograph and/or the personal information is not legible or that the access control system is not able to read the card, should also be returned for replacement at any accreditation facility that provides accreditation card printing.

Please note that PVCs or OIACs cannot be reissued after the end of the operational period of Paris 2024 accreditation facilities.

ARRIVALS AND DEPARTURES

Paris 2024 will use several airports and train stations to welcome IF population to the Olympic Games. The period of full arrival and departure operations will be effective 11 days before the Opening Ceremony and will end three days after the Closing Ceremony; 15 July - 14 August 2024.

The types of Port of Entry (POE) mentioned below are used by Paris 2024 to serve the official accommodation of the 2024 Olympic Games.

PRIMARY PORTS OF ENTRY (PPOE).

Paris-Charles de Gaulle (CDG) and Paris-Orly (ORY) international airports will be the Primary Ports of Entry (PPOE) - Olympic Gateway - and will offer full arrival and departure services from 15 July - 14 August 2024. Services will be available in all terminals at the PPOE.

SECONDARY PORTS OF ENTRY (SPOE)

Secondary Ports of Entry (SPOE) will have limited services according to the information provided by IFs in the ADS

Five SPOEs will be available during the Olympic Games:

- Fa'a'a International Airport (PPT), Papeete - Tahiti
- Paris-Gare de Lyon (train station), Paris
- Gare de Marseille Saint-Charles (train station), Marseille
- Paris-Gare du Nord (train station), Paris
- Marseille Provence Airport (MRS), Marseille

In addition, 20 Arrivals & Departures Service Points (AND SPs) will be available during the Olympic Games: in co-host cities airport and train stations (see list in the Arrivals & Departures Guide). They will offer the same level of services as in SPOEs; but are activated on restricted dates depending on the competitions and information received via the ADS.

On the days of the Opening Ceremony (26 July 2024) and Closing Ceremony (11 August 2024), the Arrivals and Departures service strongly advises against arriving after 13:00. Transport services will be very limited and therefore congested. In addition, airspace will be closed from 17:30. All services will resume as normal the following day.

Accreditation validation desks will be available in all terminals at Paris-Charles de Gaulle (CDG) and Paris-Orly (ORY) to allow IF population to validate their PVCs.

Accreditation validation desks will be open from 07:00-23:00 from 15 July - 11 August 2024. Validation desks will be located in secure zones of the terminals between immigration and the baggage claim area or in the baggage claim area depending on the terminals. Only PVC validation will be possible at CDG and ORY.

CEREMONIES

The Paris 2024 Opening Ceremony will take place on the river Seine, in the heart of the city, and the Closing Ceremony will be held at Stade de France, near the Olympic Village.

OPENING CEREMONY

For the first time, the Opening Ceremony will not take place in a stadium but in the heart of Paris, on the "Olympic Seine". Athletes will be the heart of the ceremony, which will start with the Athletes' Parade. Throughout the Ceremony, athletes will be featured on boats alongside performers.

The Opening Ceremony will consist of three main elements:

- Athletes' Parade: NOC delegations will travel six kilometres from east to west on the river Seine.
- Artistic show: There will be performances on river barges and bridges along the route of the Athletes' Parade.
- Protocol elements: Some protocol elements of the ceremony will take place at the Trocadéro and Iéna Bridge.

TIME

The Opening Ceremony will start at 19:30 on 26 July 2024 and will end at 23:15.

SEATING AND TICKETS

For the Opening Ceremony, the IF President, IF Secretary General and their accompanying guests, Executive Board Members, IF Delegates and IF Senior Staff will have a seat in the Trocadero's venue.

To reach their seats in Trocadero, they will have to follow this itinerary: they will have to reach the PSA in Kleber metro station and present a valid accreditation along with the elements of the Ceremony Kit. The IF will be in charge of distributing the ceremony kit to all clients, except for the IF President and Sec Gen for who the IOC will manage the distribution.

Your Sport Manager or Services will come back to you to organize your collection of the Ceremony kits.

If for any reason your IF wishes to transfer Trocadero quota, this will be possible only to accredited population. The IF will also have to ensure the transfer of the Ceremony Kit.

ITO will be seating in Quais de Seine. The person in charge of the CTP in your Federation will have to redistribute the tickets to each ITO. Tickets are not transferable.

TRANSPORT TO THE OPENING CEREMONY

Olympic Family members seated on Trocadero will receive information regarding the journey from the Kleber Station to the Trocadero one and the list of metro station closures on 26 July to help them to build their journey planner. For any assistance, please refer to your SPT counterpart.

In addition, the following paragraph is mentioned in the DSLA: “EB members will come to Kléber by public transport to join the operations with the Olympic Family.

Metro Kléber will be secured by Paris 2024 for the accredited guests, mainly the Olympic Family. Metro Kléber, Line 6 of the Parisian metro, is located on Avenue Kléber. Once they arrive at Kléber, the EB members will get on the metro directly to Trocadéro (2 metro stations ahead). The metro will not stop in between the two stations. The metro will only operate for the accredited guests before and after the ceremony.

We recommend getting there before H-3 because of the spectator flow all over Paris. The best way to get to Kléber is by arriving to the stop station Charles de Gaulle - Etoile with the metro lines 1, 2 and RER A. Once arrived at Kléber by walk, they will join the operations with the privatized metro.

They will use the metro to get to Trocadero, to the ceremony. Once the ceremony is over, the operations will run until all the accredited guests have arrived at Kléber.”

Regarding ITOs, the journey planners are already available in the DSLA Finale Version.

→ CLOSING CEREMONY

The Closing Ceremony will take place at Stade de France, the nation’s largest stadium.

The ceremony will start at 21:00 and finish at 23:15. Note that timings are subject to change.

Regarding ITOs, the journey planners are already available in the DSLA Finale Version.

ENVIRONMENTAL RESPONSIBILITY

Paris 2024 has been committed to proposing a different model for the Games, one that is more sober and just as spectacular, and it is mobilising all its energies to achieve this. Paris 2024 is taking action at every level to reduce its impact on the climate and the environment. By developing and testing more responsible solutions in all areas of the organisation, Paris 2024 also hopes to inspire and leave a legacy for more responsible sport.

Paris 2024 is committed to halving its carbon emissions compared with the average for previous editions of the Games (London 2012, Rio 2016).

To achieve this, Paris 2024 is taking action at every level. By relying on 95% existing or temporary infrastructure, by offering twice as much plant-based food, by using less than 50% single-use plastic in catering, by finding a second-life solution for 100% of the temporary infrastructure and furniture on the Games sites, by connecting the venues to the public electricity grid to avoid the use of generators and by supplying the venues with 100% renewable electricity.

You can discover the rest of the commitments and actions for more responsible Games on our [website](#).

RECOMMENDATIONS

The success of more responsible Games is everyone's responsibility. At all the venues, you have the opportunity to act at your own level and help Paris 2024 achieve its objectives for Games that everyone can be proud of. That's why Paris 2024 encourages you to adopt a few eco-reflexes:

- Using reusable water bottles and water fountains at the Olympic Village to reduce plastic waste.
- Using the waste sorting system to reduce the volume of waste that is sent to landfill sites.
- Promoting responsible food options and reducing food waste.
- Ensuring the responsible management of water and energy resources.
- Preserving sites and biodiversity, and respecting equipment to encourage their second life.

**USE YOUR REUSABLE
BOTTLE AND THE WATER
FOUNTAINS**

**AVOID FOOD WASTE
AND SORT YOUR WASTE**

**RESPECT THE VENUES
AND BIODIVERSITY**

**EAT MORE
RESPONSIBLY**

**TRAVEL WITH A LOW
CARBON FOOTPRINT**

**SAVE WATER AND ENERGY
RESOURCES**

FOOD AND BEVERAGE

Considering previous studies conducted by Paris 2024, the quality of the officials' experience results from a food and beverage offer that meets the dietary needs of an individual. As a result, food and beverage services will be sustainable according to the Food Vision developed by Paris 2024 in collaboration with the Sport Managers' insight.

At competition venues, Paris 2024 will provide food and beverage services for TOs in the Technical Officials' Lounges and Venue Dining.

→ In the Technical Official's Lounge: A refreshment station will be set up in the Technical Officials' lounge of each venue during the Olympic and Paralympic Games, including during the familiarisation phase prior to the start of the competition. The service will include snacks such as cereal bars and fruits, as well as Coca Cola products and hot drinks. Cold drinks will be provided in glass bottles to comply with French AGECE Law.

→ In the Venue Dining: If Technical Officials spend more than four (4) hours on the competition venue, they can order and pay for one (1) of the two (2) meal options available at each Venue Dining:

- Technical Official Venue Meal (TOVM): packed cold lunch box.
- Enhanced Technical Official Venue Meal (ETOVM): buffet service with hot and cold options.

Meal services can be provided after completing the purchase by credit card (Visa only) or cash directly at the Venue Dining using the Per Diem allowance of each Technical Official. Vouchers can be purchased near the entrance of the Venue Dining. A counter and cash desk will be set up in all Venue Dining areas before the queuing area. Technical Officials will be given a paper voucher as soon as they have paid. Technical Officials will receive a per diem (see Per diem section below) that is aimed at being used to pay for meal vouchers.

Please note the opening hours of the Venue Dining: 11:00 to 15:00 / 17:00 to 21:00. These opening hours are generic and are in certain cases adjusted according to the competition schedule. The two (2) options can be eaten at the Venue Dining.

HOSPITALITY

As part of this unprecedented celebration and driven by a desire to be innovative, it is fitting that Paris 2024 will also be the first Olympic and Paralympic Games to implement the New Hospitality Model and offer a revolutionary approach that provides fans from all over the world with a first-of-its-kind, unparalleled hospitality experience.

One of the driving forces behind Paris 2024 adapting this new model is to re-invent and elevate the hospitality designed for and delivered to those that are the heart and soul of the Olympic and Paralympic Games – our Games Stakeholders.

IF have access to three types of Hospitality lounges in venues:

- Olympic Family Lounge
- Upgraded IF Lounge
- Private IF Lounge

INSURANCE

Coverage for ITOs and NTOs during the Olympic Games is as follows;

DISABILITY AND DEATH COVER APPLICABLE TO ALL

Assistance and invalidity/death cover are identical for both categories (ITOs/NTOs).

In the event of death or disability occurring in France during the period of mobilisation of technical officials for the Olympic and Paralympic Games, the sum insured is 80,000 euros.

In the event of recognised disability, and after stabilisation, the victim will receive 80,000 euros in the event of disability of more than 60%. In the event of lesser disability, the victim will receive 80,000 euros multiplied by the percentage of disability. For example, if the victim is 50% disabled, he or she will receive €40,000.

MEDICAL EXPENSES REPATRIATION ASSISTANCE COVER

For other cover, a difference must be considered between those (generally French nationals or French residents) who are beneficiaries of the French social security system (A), and those who are not (B).

→ A. BENEFICIARIES OF THE FRENCH SOCIAL SECURITY SYSTEM

URSSAF rules will apply:

- Use of the “carte Vitale”
- Complementary reimbursement by the mutual insurance company
- Any remaining expenses will be covered by the specific guarantee set up by Paris 2024. In order to benefit from this cover, ITOs and NTOs can write directly to assurances@paris2024.org. The Paris 2024 insurance team will put them in direct contact with the relevant insurer.

→ B. FOREIGN BENEFICIARIES NOT COVERED BY URSSAF

- The claim must be reported to the Paris 2024 insurance team as soon as possible at assurances@paris2024.org. This point is fundamental to confront the insurer with the problem and thus avoid any hassle for the victim.

- Except in exceptional cases, or where the insurance contract excludes coverage, the aim is to avoid any payment on the part of the victim, as the expenses will be covered directly by the insurer.
- The amount of medical expenses covered will not exceed 150,000 euros.

→ C. REPATRIATION

- Whatever the victim's origin or nationality, repatriation is covered at 100% by the insurer contacted by Paris 2024. The final decision to repatriate, as well as the conditions of repatriation, can only be decided by the insurer/assister accompanied by our medical team.

MEDICAL SERVICES

Public health services, including disease surveillance, communicable disease control, food and water quality control and air quality monitoring will be in place throughout France during the Games.

MEDICAL SERVICES AT VENUES

→ ATHLETE MEDICAL SERVICES AT COMPETITION VENUES

At least one dedicated athlete medical station will be available at all competition venues. Each medical station will provide medical such as first aid, emergency care, sports medicine to athletes and team officials.

At most venues there will be an ambulance on site for the evacuation of athletes if needed. If not directly on site, ambulances will be available nearby.

→ TECHNICAL OFFICIALS SERVICES AT COMPETITION VENUES

Medical services to technical officials at competition venues will be provided by the spectators medical services.

→ FIELD-OF-PLAY RESPONSE

Field-of-Play (FOP) teams will provide first aid and emergency care to athletes and team officials on the FOP should such services be required. If necessary, the patient will be taken from the FOP and transported to the athlete medical station, Olympic Village Polyclinic, or a designated Games hospital as appropriate. The order of response on the FOP and any decision-making will differ according to the sport and the rules of the respective IF.

DESIGNATED GAMES HOSPITALS

If the necessary medical services cannot be provided at the venue medical station, IF population will be transferred to designated Games hospitals in Paris or the co-host city.

Any patient suffering from a life-threatening condition at any of the venue zones will be taken to the nearest hospital.

The following public hospitals have been designated as the official hospital for IF population during the Paris 2024 Olympic Games:

CITY	HOSPITAL*
Paris and greater Paris	Hôpital européen George Pompidou 20 rue Leblanc, 75015 Paris
Châteauroux	Centre hospitalier de Châteauroux 216 avenue de Verdun, 36000 Châteauroux
Lille	CHRU Jeanne de Flandre Avenue Eugène Avinée, 59000 Lille (to be confirmed)
Marseille	AP-HM hôpital de la Timone 264 rue Saint-Pierre, 13385 Marseille
Tahiti	Centre hospitalier de Polynésie française Avenue du Général de Gaulle, 98713 Papeete

PER DIEMS

All Technical Officials participating in the Paris 2024 Olympic and Paralympic Games will receive a per-diem to cover daily expenses and additional costs (transport between home and the station/airport, meals on and off the competition site, laundry, etc.). To do so, Paris 2024 sends a global Per Diem Grant to each International Federation, who has to transfer the corresponding amount to each IF Delegates and International Technical Officials. For National technical Officials, Paris 2024 sends directly the corresponding amount to the Technical Official. The exact amount of the Per Diem depends on the official operational dates that have been communicated by Paris 2024, or by the International Federation.

Per Diem payment will be made as follows:

- Technical Delegate and International Technical Officials: payment of the Per Diem by the International Federation.
- National Technical Officials: payment of the Per Diem by Paris 2024 ahead of the event.

RATE CARD

The Rate Card programme is a service provided by Paris 2024 to IFs. The Rate Card team will provide a complete end-to-end service to customers: ordering, invoicing, payment, procurement, delivery and installation.

Paris 2024 has created a Rate Card Ordering Platform to facilitate the ordering process. Rate Card orders placed prior to the Games-time ordering period can only be placed through this platform.

A Rate Card catalogue has been shared with all IFs, covering all the products and services available for IFs. Three main categories of items are available through the catalogue:

- Technology services
- Furniture fixtures and equipment
- Transport (vehicles & VAPPs)

Non-Standard Requests cover products, services and locations requested by Rate Card Customer which are not fully covered in the published catalogue items.

SECURITY

In accordance with its letter of guarantee and the IOC's Host City Contract, the French State is responsible for the safety and security of the Paris 2024 Olympic Games.

The government will coordinate all security matters as well as emergency services, whilst Paris 2024 is responsible for the design, implementation, and execution of security measures at Paris 2024 competition and non-competition venues.

Paris 2024 has partnered with national security agencies to integrate the most effective security arrangements within venues and other official sites.

SECURITY AT VENUES

→ VENUE INSPECTION AND LOCKDOWN

All competition and some non-competition venues (such as hotels) will undergo a security inspection by specialist government departments and a lockdown period prior to the Games.

During the lockdown period, all security and safety procedures will be implemented, and access controls will be activated with the support of technology measures. However, please note that French legislation does not allow facial recognition. During this period, no person, vehicle, or equipment may enter the venues without accreditation (or other appropriate access devices) and without passing the appropriate security checks.

After the accreditation check, people wishing to access venues will be subject to a personal and property inspection. Personal and baggage inspections for people whose age, mobility or medical reasons do not allow them to undergo the generic procedure are subject to an adapted procedure that takes better account of their specific needs.

PROHIBITED OR RESTRICTED ITEMS POLICY

→ PROHIBITED ITEMS

These items are strictly forbidden in the Paris 2024 venues.

IN OLYMPIC VILLAGES

- **Weapons of opportunity:** walking aids, everyday blades (such as multi-tools, scissors, ra-zors etc.) that are allowed in planes, that can malevolently be used as a weapon to inflict harm.
- **Flammable substances:** only portable oxygen cylinders for medical use are allowed,
- **Animals:** only service dogs are allowed,
- **Sprays and aerosols:** sprays and aerosols used for daily hygiene such as deodorants are allowed,
- **Objects producing excessive noise:** personal musical instruments and music speakers are allowed,
- **Flags:** only flags of countries and territories participating in the Games are allowed, without rigid poles. No maximum size for athletes at Villages.

→ OBJECTS CONSIDERED AS “TOOLS OF THE TRADE”

Objects authorised at venues only if they are required to carry out professional activities for certain stakeholders.

AT COMPETITION VENUES

- **Weapon of opportunity:** tools such as hammers, wrenches, saws, screwdrivers, etc. needed to maintain sports equipment and personal mobility aids for people with reduced mobility, but that can malevolently be used as a weapon to inflict harm,

- **Personal mobility devices:** bicycles and other personal means of transport required for on-site competitions,
- **Sprays and aerosols:** sprays and aerosols required for sports and for the treatment of athletes,
- **Photography equipment:** camera lenses larger than 20cm are authorised.
- **Camera equipment:** all equipment used to take photos and videos to analyse athlete performance.
- **Medical equipment for the treatment of athletes.**

IN OLYMPIC VILLAGES

- **Weapon of opportunity:** tools such as hammers, wrenches, saws, screwdrivers, etc. necessary to help people settle at villages and the maintenance of sports equipment.
- **Laser pointers to be used in meetings**
- **Medical equipment for the treatment of athletes.**

At the F-DRM, the Chefs de Mission will receive stickers to be applied on tools of trade that have been registered in advance via Paris 2024 NOC services. The Chef de Mission will be responsible to distribute the stickers to all the delegation.

Please note that for security reasons, the use of drones is strictly forbidden at all competition and non-competition venues of the Olympic Games

EMERGENCY SERVICES

→ EMERGENCY NUMBERS OUTSIDE PARIS 2024 VENUES:

- European emergency number: 112
- Emergency Medical Services (SAMU): 15
- Police: 17
- Fire brigade: 18

Paris 2024 recommends that IF representatives do not programme emergency service numbers into mobile phones as speed dial functions can lead to accidental calls to the emergency services.

TICKETING AND ACCREDITED SEATING

GAMES-TIME TICKET SALES

At Games time, available tickets may only be purchased through the CTP.

→ TICKET TOUTING

Tickets for the Paris 2024 Olympic Games are only on sale on the official ticketing website for future spectators from all over the world. No other sales platform is authorised to sell tickets. By buying tickets or hospitality packages outside official channels, the buyer runs the risk that tickets or packages are not delivered to them, or that access to the sports venues will be denied to them by the Paris 2024 Organising Committee in accordance with the ticketing general terms and conditions. In addition, all buyers and/or sellers are informed that the unauthorised sale or resale of tickets outside of the official channels, constitutes an offense under French law, in particular, an offense sanctionable under article 313-6-2 of the French criminal code.

TRANSPORT

Paris 2024 aims to provide a safe, reliable and efficient system of transport, within the Host Country, free of charge, for technical officials, Olympic Family members and International Federation staff.

The transport services will consist of:

- Transport for Federations (TF)
- Public Transport (TP)
- Transport Connect (TC)
- On-Demand Transport Service (TX)

The TF Transport service will be provided from each official IF hotel as a base connecting to the competition venues, UAC, technical meetings.

Public Transport (TP)	Free access to public transport in Paris Region Area.	Subway / bus / regional express line	TP Public transport system

TF TRANSPORT

A summary of transport at the Games follows.

Please note that full details of transport services at the Games, including timetables, may be found in the DSLA communicated to IFs.

Paris 2024 is responsible for providing transport services to properly accredited technical officials and IF staff during the period of the Olympic Games.

These transport services are collectively known as the TF service.

The TF service will be available for all accredited technical officials, judges, jury members, IF staff, and IF media staff.

→ SERVICES BETWEEN HOTELS AND COMPETITION VENUES

A dedicated TF service will operate between technical officials' hotels and each competition venue during the competition period for each sport, in accordance with the competition schedule. In general, TF services will start service two hours before competition and finish one hour after competition.

Where technical officials are required to attend meetings, briefings, venue familiarisations or other events before the start of competition, either at the competition venue or at another venue, TF services will be provided from and to the technical officials' hotels in accordance with the officials' requirements. However, in cases where the number of passengers is small, the principle is that the passengers should travel in the vehicles allocated to IF.

INTERCITY TRAVEL

Transport will be provided for technical officials between Paris and co-host cities. Details will be communicated to technical officials on arrival.

PUBLIC TRANSPORT

All accredited stakeholders will be entitled to free-of-charge access to public transport (TP) services within the Greater Paris area and in co-host cities, from 15 July to 14 August 2024.

→ GREATER PARIS AREA

A physical transport card (Navigo) will be provided during the accreditation validation process for each Games stakeholder with TP privileges. At the end of the stay, stakeholders must leave the pass in a dedicated collection box at Transport Desks and Port of Entries.

In the Greater Paris area, most official venues can be reached by TP

Approximate TP hours of operation are as follows:

- Buses from 05:45 – 00:45
- Metro from 05:30 – 01:15 (until 2:15 on Fridays and Saturdays)
- RER from 04:30 – 01:15
- Trams from 05:10 – 01:00

These hours are for information only. Full details will be available on the Paris 2024 Transport Accred app.

→ CO-HOST CITIES

In the co-host cities, most competition venues can be reached by public transport (except Tahiti). Bordeaux, Châteauroux, Lille, Lyon, Marseille, Nantes, Nice, and Saint-Etienne all have public transport systems that can be used free-of-charge by accredited stakeholders. Where applicable, access means will be distributed at the relevant co-host city.

Public transport in Châteauroux will be free of charge for both the general public and accredited stakeholders, therefore no access means will be distributed.

TRANSPORT CONNECT (TC)

The Transport Connect service (TC) is dedicated to accredited stakeholders and its aim is to complement public transport services. TC services will include regular shuttle and bus routes that connect transport hubs and public transit stations with venues, making it easier to reach venues than with public transport alone. The TP network will use various forms of transport (metro, bus, tram, RER trains) as well as TC lines. In some cases, TC lines could be replaced by TP if the journey is more direct and efficient.

TC will be operational from 15 July to 14 August 2024. Activations will start 4 hours before competition sessions and end 4 hours after competition sessions. On non-competition days TC will be activated from 8:00 to 20:00.

A TC night loop called Noctilien has also been created to complement regular TP offer during nighttime. It will run between 26 July and 12 August 2024 with a peak frequency of 10 minutes.

TC will be activated in the Greater Paris area, Lyon area, Lyon, Marseille, Lille, Chateauroux, Nantes, Nice, Bordeaux, Saint-Etienne and Tahiti.

The TC system is also available for all spectating athletes to reach competition venues. Spectating athletes can use the Paris 2024 Transport Accredited app to plan their route.

Please note that TC drop-off and pick-up zones are located outside venue security perimeters.

TRANSPORT APP

Paris 2024 will launch a dedicated Games-time Transport app for all accredited stakeholders. This will be different to the Île-de-France Mobilités (IDFM) transport app for public transport.

The main functionalities will include:

- Journey planner to calculate the best itineraries according to user preferences.
- Multimodal app suggesting itineraries that use both public transport services (TP) and Paris 2024 transport services (each accredited stakeholder will only see the Paris 2024 transport services that they are entitled to).
- Real-time travel information (travel time updates, next departures, and alerts).
- Booking functionalities for TX services (available according to user privileges).

The app will be available to download from the Android Play Store and Apple App Store, and will be available in French, English, Spanish.

UNIFORMS

Paris 2024 and Le Coq Sportif, our official partner, have developed a uniform, consisting of a mix of casual and semi-formal items, which combines comfort, aesthetics and functionality, while respecting their joint commitment for sustainability.

The uniform has a unisex design, is adapted to different body types and made in breathable and resistant materials.

All technical officials will be provided with a uniform kit, containing the following items:

ITEM	QUANTITY
Polos	3
Pairs of casual trousers which can become shorts	2
Long-sleeved shirts	2
Rain-proof jacket	1
Smart jacket	1
Pair of smart trousers	1
Pairs of socks	4
Pair of sports shoes	1
Backpack	1
1 Small bag	1
1 Panama hat	1
1 Carrier bag containing the entire provision	1

UAC – ALTERATION SERVICE

Officials will be invited – through dedicated slots – to collect their uniform from the Uniform and Accreditation Centre (UAC) at Porte de Versailles in the 15th arrondissement of Paris. They will be able to try on the items and have alterations made to suit their body shape.

Officials of sports held in co-host cities will be able to collect their uniforms directly from the competition venue, and an alteration service will also be made available.
